SECOND REPORT OF EDUCATION COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on Education beg to report as follows:

On your recommendation made at the March session that the Prime Minister be interviewed with regard to Educational matters, your Committee instructed the Clerk to make an appointment with the Prime Minister, which was set for May 1st, when the said Committee attended in full, along with the Clerk and the Reeve of Toronto Township.

We laid before the Minister the question of bringing in new Legislation with regard to restrictions to pupils now in outside district schools. The Prime Minister reported that he would go into the matter in all details and report at some future date.

We have been notified by the Deputy Minister of Education that the amount required this year to be raised as an equivalent to the Legislative grant for Public and Separate Schools is $2,219.71; an increase over last year of $1219.71. This has been caused by the new method of apportioning grants by the Department to Public and Separate Schools. This amount has been taken care of in the estimates for this year.

With reference to the claim of Port Credit High School re pupils from Cooksville, we recommend the payment of the tuition of scholars attending classes of any grade which is not taught at Cooksville. We also recommend the payment of one-half the cost of other pupils from Cooksville who attended Port Credit High School, but we feel that it remains entirely with the Township of Toronto to meet the remaining 50 per cent.

All of which is respectfully submitted.

Adopted June 4th, 1931.

1. Your Committee on Education waited upon the Minister of Education with a deputation on Educational questions, and recommend the payment of the following accounts:

H. Hope	$ 5.00
E. McCulloch	5.00
Wm. J. McKinley	5.00
J. H. Pinchin	5.00
D. Wilson	5.00

Adopted June 5th, 1931.

H. W. HOPE,
Chairman.

JOHN WILLIS,
Warden.

THIRD REPORT OF EDUCATIONAL COMMITTEE

This committee met the deputation from Erin Continuation School to consider the claims presented by them regarding tuition of Peel County pupils. We found their claim as presented to be not in accordance with the Act, and succeeded in convincing this deputation that the deficit of the previous year was caused by the section not raising sufficient to pay their share of the expenses of the school. The county clerk was then instructed to issue an order on the treasurer for the amount of the claim in accordance with the Act, namely, $493.61.

All of which is respectfully submitted.

Adopted Nov. 26, 1931.

Warden.

REPORT OF B. F. JUSTIN, JUDGE, COUNTY COURT, COUNTY OF PEEL

To the Warden and Members of the County Council,
County of Peel.

Gentlemen:

In pursuance of By-law No. 751 passed by the County Council of the County of Peel on the 21st day of March, 1931, equalizing the assessment of the County of Peel, and of the appeals therefrom lodged on behalf of the municipalities of the Township of Albion and the Town of Brampton, and of the provisions of the statute in that behalf, I have taken upon myself the burden of the equalization of the assessment of the county, and I beg to report as follows:

1. I find that appeals from the by-laws passed in 1929 and 1930 were lodged by certain of the local municipalities, but those appeals were lodged by mutual compromise; but that no settlement could be reached this year, although every effort was made to reach a settlement of the matters in difference between the parties.

2. When it became apparent that the parties could not agree, I suggested that I might avail myself of the statutory provision enabling me to hear and determine the appeal either upon evidence or without evidence, if no serious objection to that course should be made on behalf of any of the municipalities, and, in pursuance of my suggestion, the following resolution was adopted by unanimous vote of the representatives of all the Municipalities excepting one, who did not object to that course being pursued, but who did not vote because he took the position that the amount in dispute did not warrant the expense involved.

Moved by Mr. Lent, seconded by Mr. Jackson, that in Equalizing the Assessment of the County of Peel, the Judge be, and he is hereby authorized to determine the same either upon evidence or without evidence, pursuant to the Statute, as he may deem best.

The point upon which the parties were unable to agree arose in this way. In 1930 the Assessment of the Municipality of Albion was about $20,000 less than it was in 1929. The Assessment of Brampton was about $83,000 more in 1930 than it was in 1929. By-law No. 751 made no allowance to Albion for its reduction of Assessment, and charged Brampton with only $53,000 of its increase. Albion appealed, and Brampton also appealed.

If these two points had been the only difficulties confronting me, I would have found it quite an easy matter to solve, but the real question in dispute, under the appeals, is the Equalization of Assessment of all the property in the County for the purposes of the levy of the taxes payable by the local Municipalities to the County for County purposes.

The first point for consideration was the course to be pursued in order to determine the issues raised between the parties.

Before I had experience with Equalization in other Counties I held the view strongly that actual sales of property should be the best basis for comparison, but, after hearing evidence at great length, I was forced to abandon that idea. I also found that the employment of Valuators by the respective Municipalities, and taking their evidence pro and con, as at a trial, was equally unsatisfactory, because of the great divergence of opinion among Valuators as to the actual values of properties.

After due consideration, I decided to adopt two courses, the one entirely independent of the other.

1st. Although I was personally convinced that actual sales could not be safely relied upon as forming the best basis for comparison, yet, because of the confident argument upon that point made before me on behalf of some of the Municipalities, I decided to work out the problem on that basis in order to show what result it would produce.

Section 90—(4) of the Assessment Act enables the County Council to have appeals from a By-law for Equalization of Assessment determined by a Court composed of the Judge of the County, with either the Sheriff or the Registrar and a Judge of another County, and, in view of that Statutory provision, I decided to avail myself as far as possible of the assistance of thos two Officials.

The Registrar had considerable experience in the County Council, with Equalization, and otherwise had long practical experience in the County, and years of experience in the Registry Office. I therefore asked him to furnish me with a list of properties which had recently been sold, eliminating all those which could not be regarded as representative, for comparison in all the Municipalities, but, when I obtained that list, I was unable to regard it as representative for the purposes of Equalization. I then went into the Registry Office myself and obtained a further list of properties that had been sold, but I did not feel inclined to determine what sales actually made could be regarded as fairly representative, and I therefore gave notice to the Clerks of all the

Municipalities that the lists would be open to inspection in my office, and I fixed a date when I would hear all parties and then determine what properties should be selected for purposes of comparison. In the presence of all those who then appeared before me, I eliminated all properties which were objected to, and which, as it seemed to me, should be left out. I then obtained from the Clerks their reports as to the Assessments of the properties so selected, but it then appeared to me that there were other properties included in these lists which could not be regarded as representative.

For instance, one property in Brampton, sold for $450.00 was assessed for $2300.00. Another sold for $2000.00 was assessed for $2050.00. Another sold for $1200 was assessed for $1200.00, and another, apparently sold by a Liquidator, for $8500.00, was assessed for $7000.00. In other Municipalities there were included in those lists properties which were "Not Assessed"; which "Could not be found"; which were "Not in the Municipality"; which were "Sold before the business depression".

Leaving out those which seemed to me to be not representative, and which I would promptly have eliminated when the parties were before me (as I did with many properties in perhaps all of the lists) if the facts had then been called to my attention, the result of the Equalization on the basis of the remaining "Actual Sales" would be as follows: (approximate)

	% of Assessment to Sales Price	
Albion	46.2599	$1,430,797
Bolton	56.3218	229,215
Brampton	61.0485	3,416,928
Caledon	46.8825	1,814,120
Chinguacousy	51.3795	3,389,178
Streetsville	44,2295	336,241
Port Credit	41,2026	1,288,520
Toronto Gore	54.0668	717,933
Toronto Twp.	30.5	7,230,368

This does not include the Assessment upon Income, but is based upon the Assessment of property, including business assessment thereon, but I am wholly unable to accept either the basis or the result, and, without awaiting the result of the other course I decided to adopt, I was forced to the conclusion that I would discard "Actual Sales" as the basis for Equalization in this County.

2nd. After long consideration, I decided to select two Boards of Valuators, the one to select and value properties in the Rural Municipalities, and the other to select and value properties in the Urban Municipalities, and also some of the Urban properties in Rural Municipalities.

Because of his Official position, and one of the men contemplated by the Statute as a member of a Court, if that forum had been selected by the County Council, I selected the Sheriff as a member of both Boards, and I also selected Mr. J. H. McCracken as a member of both Boards. The other members selected for the Rural Board were Mr. E. A. Orr and Mr. Thomas R. Evans, and for the Urban Board were Mr. A. H. Milner, Mr. D. B. Kennedy, Mr. W. F. B. Switzer and Mr. Oliver B. Snell.

I went out with each Board and personally inspected each property selected. I put down in my book my own estimate of the value, and asked the other Valuators to first give me their separate and independent valuations in writing, which I entered in my book, and took the average of the valuations so made. We then discussed that average and agreed upon the amount, subject to further consideration after all the valuations should be obtained.

The work has been somewhat strenuous, but it has been most interesting, and a very great pleasure to me to be so intimately concerned with such excellent men. It is only fair to them to say that they have done their work well. Every one of them manifested careful and good judgment, with a keen desire to be fair throughout. I could not find words sufficient to express my admiration for the men selected on both Boards, or for the splendid work done by them, which I regard as being eminently satisfactory.

After completion of the inspection, and valuation of the properties selected in all the Municipalities, I met with the members of both Boards respectively, and went over the whole lists, and made comparison as between the different Municipalities, in an effort to make equitable valuations throughout, and to reach unanimous agreement in regard thereto. Where differences of opinion arose which could not be reconciled, the properties were left out of consideration, with the exception of one small property which does not at all affect the result.

When the lists of the properties selected were finally agreed upon, I obtained from the Clerks of the Municipalities respectfully the assessments of the respective properties so selected and valued, and taking these as the basis for Equalization, the result would be as follows:

	% of Assessment to Value	
Albion	45.3033	$ 1,333,127
Bolton	38.23055	314,047
Brampton	57.405	3,315,310
Caledon	40.409	1,920,268
Chinguacousy	44.2002	3,594,377
Port Credit	42.2816	1,145,066
Streetsville	38.4571	352,818
Toronto Gore	46.1602	767,203
Toronto Twp.	28.2769	7,115,272
Total		$19,857,488

This, of course, does not include the assessment of Income, which was included in the Equalization under By-law No. 751. If that were included, it would considerably change some of the figures to the disadvantage especially of Brampton, and of Port Credit, and some of the others in lesser degree.

By the Amendment of last Session, Income is to be left out of consideration. That Amendment did not come into force until the 2nd of April, 1931, a few days after the passing of the By-law, but the latter words of the Amendment seem to me to leave no doubt that Income should not be taken into consideration by me when Equalizing the Assessment upon appeal from the By-law, although the Amendment does not say so in express words.

I should perhaps point out that I obtained my first starting point regarding the values of property for the purposes of Equalization in the County from the evidence given before me in the only appeal from Assessment in the County for the year 1931, and heard before the completion of our work; the Westlake case in Albion.

In that case fourteen witnesses were called, all of them respectable citizens of Albion and Caledon, and their valuations varied from $4500 to $6500. Whose evidence was I to accept as fixing the value of the property? After due consideration, I decided to apply the principle of average, and strange to say, the average was only $57.00 less than the Assessment fixed by the Assessor.

In connection with that case, comparison of the values of other properties in the same vicinity was obtained from the witnesses, and I selected three of these properties as representative for Albion, and taking the average of the valuations of them, as

in the Westlake case, I fixed the valuations of them accordingly as the starting point for Equalization of the valuation of properties not only in Albion but throughout the County, and I frequently reminded the Valuators that it was by comparison of all the properties with each other that I wanted the valuations arrived at, and I am glad to be able to report that this was kept in view throughout.

The evidence in the Westlake case shows that there is no such thing as accuracy in arriving at the value of property, but an honest and faithful effort has been made to work out the problem as fairly as possible, and to the best of our united judgment and ability.

I feel that I cannot well conclude my Report without making some remarks regarding Assessment. It has seemed to me clear that there is ample room for improvement, and any observations I make are for the purpose and in the hope that an earnest effort will be made in the future to work out the Assessment in each of the Municipalities in an equitable manner.

The Assessment Act provides that property shall be assessed at its "Actual Value", and that is interpreted by the Courts to mean the price as between a willing Vendor and a willing Purchaser.

In practice, few, if any, Municipalities make any attempt to assess at full value, but each assesses in accordance with its requirements for purposes of Taxation, and, within each local Municipality, it is quite immaterial at what percentage of Assessment to value property is assessed, but whatever percentage is adopted, that percentage must be applied to all the property, and that is where many Assessors fail to do their duty.

As appeals from Assessment have come before me throughout the County, I have invariably applied this principle, but it seems impossible to induce the Assessors to even try to follow it.

In the Westlake case, the Assessor frankly admitted that he "varied the percentage" according to the value of the property, and that he assessed low priced property at a higher percentage than high priced property. I felt obliged then, as I do now, to condemn any such practice as being both illegal and improper, and entirely contrary to the principles of the Assessment Act which requires that all property shall be equitably assessed. In the case in question the Assessor endeavoured to justify what he had done by arguing that it was proper to do so because the person having

only an inexpensive property had all the advantages of Schools, Roads and other Public Utilities the same as the man who has a more valuable property, but that argument is entirely fallacious, and contrary to the principles of the Assessment Act. It is the duty of the Assessor to administer the Law as he finds it, and not as he thinks it ought to be.

I further find that in the Township of Toronto the percentages of Assessment to value vary entirely too much in different portions of the Municipality. It appears to me that lands in the New Survey are assessed at a higher percentage than lands in the Old Survey, and further, that lands in the Easterly half of the New Survey are assessed at a higher percentage than lands in the Westerly half of that Survey. This certainly should be corrected, and I recommend that the respective Assessors be instructed to make comparisons of the values of properties along their respective division lines, both north and south and east and west, and agree upon the principles to be pursued throughout. It is certainly most unfair that a farmer in one part of the Municipality should be assessed at a higher percentage than another farmer in another part of the same Municipality, and perhaps just because the Assessors have applied different percentages of assessment to value of the properties respectively assessed by them.

And I further find that in some instances it would seem to me to be clear that the same Assessor assesses one person at a higher percentage than he does another person upon adjoining property, and the only reason I can imagine for his doing so is that the one does not object, while the other makes objection, and the Assessor gives way to what he must know to be unfair.

And I must take strong exception to the course pursued in Port Credit. I find that in that Municipality some high-priced properties are assessed at a high percentage of assessment to value, while other high-priced properties are assessed at a much lower percentage; and I further find that business assessments in many instances seem to be nominal, and not as required by the definite provisions of the Assessment Act; and, in regard to properties which contain a residence and a place of business, the assessment is placed largely upon the part assessed as a residence, and a very much smaller portion upon the part occupied for business purposes. I feel called upon to report that in some of the instances which have come before me, I can only regard it as a plain contravention of the express provisions of the Assessment Act.

I further find that in practically all of the Rural Municipalities, what may perhaps be called Urban properties, including properties in small Villages, are assessed at a very much lower percentage of assessment to value than is done in the Villages of Bolton and Streetsville—so much so, that in justice and fair play to Bolton and Streetsville I must make some allowance to both of the latter in settling their respective shares of the Equalized Assessment of the County, and, after due consideration, I have decided to leave the share of these two last mentioned Municipalities approximately as they were fixed by By-law number 751, and I have decided to distribute the amount of the allowance made to Bolton, between Albion and Toronto Gore, and the amount of the allowance made to Streetsville, between Caledon and Chinguacousy.

I may mention an extreme instance of the great disparity in the assessments just referred to:

The Imperial Bank in Bolton is assessed for $7200.00. The Bank of Nova Scotia in Streetsville is assessed for $4800.00, while the Royal Bank at Cooksville is assessed, for the land, $50.00 and for the building $800.00, or altogether $850.00. Other Urban properties in Toronto Township are assessed as low as 5, 7 and 10 percent.

None of the other Municipalities show so great a disparity as this, but I find a number of properties in them assessed at from 18 to 25 percent of the value found by the Valuators.

After due consideration, I find and declare that the Equalized Assessment of the several Municipalities of the County of Peel, in lieu and stead of the amounts severally fixed by By-law No. 751, shall be and is as follows:

Municipality	Equalized Assessment 1931	% of County Levy
Albion	$ 1,400,000	7.05
Bolton	227,488	1.145
Brampton	3,315,000	16.69
Caledon	1,950,000	9.82
Chinguacousy	3,680,000	18.532
Port Credit	1,145,000	5.77
Streetsville	240,000	1.21
Toronto Gore	785,000	3.953
Toronto Township	7,115,000	35.83
	$ 18,857,488	100%

and I hereby report the above figures respectively as such Equalization accordingly.

I have given this whole matter my very best consideration. I have endeavoured faithfully to get at the facts, and, if anyone should not agree with the conclusions I have reached, supported by the findings of the two Boards of Arbitrators selected by me, I recommend that they look more carefully into their methods of Assessment, and endeavour to comply with the requirements of the Assessment Act.

As to the costs: Albion has succeeded upon its Appeal, and is entitled to its costs of the proceedings.

Brampton has failed in its Appeal, but that Appeal has not increased the costs occasioned, and, after careful consideration, I direct that each of the Municipalities, with the exception of Albion, shall pay its own costs, and that the costs payable to the Municipality of Albion and all other costs of the proceedings shall be paid by the County and shall be charged to the several Municipalities, other than Albion, pro rata, in accordance with the said several amounts so fixed by me as the Equalized Assessment thereof respectively.

All of which I hereby respectfully certify and submit pursuant to the provisions of the Assessment Act.

B. P. JUSTIN,
Judge.
County of Peel.

Dated at Brampton, 12th December, 1931.

MOTHERS' ALLOWANCES LOCAL BOARD

Brampton, Ontario, November 20th, 1931.

Warden and Other Members of County Council, County of Peel.

Dear Sirs:

Although the calendar year has not yet expired, I remember that you asked at your November meeting last year for a report concerning the local Mothers' Allowances Board and I have pleasure in submitting it herewith.

We have held six meetings during the year. We do not have any meetings unless there are applications in requiring our investigation, thereby saving the expense of unnecessary meetings.

At the time of my report, November 27th, 1930, we had twenty-seven persons receiving allowances at a cost of $850.00 per month. There were eight applications passed on favourably during the year, two each from Brampton, Port Credit, Albion and Caledon. We have up to date this year twenty-seven members getting relief at a cost of $880.00, three of these having been recently added to our list.

The reason that we have not any larger number on our list, although there have been new applications during 1931, is that allowances are cancelled to those receiving this bounty on the elder of the two children involved reaching sixteen years of age, or retiring from school prior to that age, and the number is balanced up pretty evenly by these occurrences.

The number on our roll divided up into municipalities is as follows: Albion 5, Brampton 9, Caledon 1, Chinguacousy 1, Port Credit 8, Toronto Township 3.

Our Board now consists of myself as Chairman and Secretary; David Wilson, Brampton; Mrs. McLean, Port Credit; Mrs. McLachlan, Alton; William Dennison, Cooksville, William Dennison having taken the place of Mr. Pinchin during the year.

The member of our Board nearest to the applicant is always asked to make an investigation prior to the matter coming before the whole Board, and not only the need of the mother but her capability for properly looking after her children is well investigated, so much so that every application passed on favourably by the Board was endorsed by the Provincial Commission after their special female inspector had visited the woman and her home and the matter gone into very carefully.

I beg to make this report to your honourable body.

Yours respectfully,

Mothers' Allowances Local Board for County of Peel.
T. W. DUGGAN, Chairman.

Adopted November 26.

J. WILLIS, Warden.

REPORT OF THE OLD AGE PENSION COMMITTEE

Your Committee on Old Age Pensions beg to report as follows:

During the current year we have held twelve meetings, at which 97 applications were presented and considered. 76 of the applicants were granted pensions which ranged from $20.00 per month down to $10.00 per month, according to the circumstances of the case. 21 applications were refused.

Since the appointment of your local Old Age Pensions Committee in 1929 we have had presented for our consideration 464 applications. Of this number 414 applicants were granted pensions and 50 applications were refused.

On October 1st, 1931, which is the latest report obtainable, we had 291 pensioners. On October 1st, 1930, we had on our pension list 276 pensioners, and although 76 applications were granted within the year, we find that, owing to death and removals, we have this year an increase of only 15 pensioners over last year.

From Dec. 1, 1929, to Dec. 1, 1930, the County of Peel paid to pensioners $10,336.29.

From December 1, 1930, to Dec. 1, 1931, the County of Peel paid out on account of Old Age Pensions $13,145.18. The total amount paid by the county for the years 1930 and 1931 is $23,-481.47. The total amount received by pensioners in Peel County during the two years is $117,407.35.

There have been 70 pensioners within the county, removed by death since Nov. 1, 1929. 29 of our pensioners have become residents of other counties, and Peel County will be relieved of these when they have been absent for one year.

Mr. Ashbury, the Provincial Investigator, spent one month last summer in Peel County during which time he personally interviewed each pensioner. In his report to the chairman of the provincial commission he highly commended your local committee for the work done in this county, as he found very few cases which he thought should be reconsidered.

All of which is respectfully submitted.

Adopted Nov. 24, 1931.

WM. J. BEATTY,
Chairman.

3. We recommend that the warden and clerk be authorized to sign the agreement with the Canadian Pacific Railway which provides that the old subway at Cedar Mills be fenced off and the filling be postponed. 4. We have considered the estimates as submitted by the engineer, N. L. Powell, and a copy of the revised estimates is submitted herewith.

We find that there is $24,000.00 of construction to complete the 1930 program which will be paid in 1931 and that the cost of maintaining the county roads is increasing every year as the traffic increases, but the tax rate must be kept down.

We therefore recommend that the good roads rate for 1931 be the same as in 1930; that is, a rate of three mills, which will raise $59,812.80.

5. We recommend that the whole council decide the question as to paving the Streetsville Road from Streetsville to Dundas St.

In council it was decided that paving be done.

6. We recommend that the whole council decide the question as to paving the five sideroad west in Chinguacousy Township.

In council it was decided that paving be done.

7. We recommend that the $24,000.00 construction cost paid in 1931 to complete the 1930 program be paid as decided by the whole council.

In council it was decided that pay be by debentures.

8. We have considered the resolution moved by Robt. Smith and seconded by O. H. Downey, re Bolton Hill, and recommend that no action be taken.

All of which is respectfully submitted.

Adopted March 21, 1931.

JOHN WILLIS,
Warden.

(Sgd.) J. H. PINCHIN,

WM. HOSTRAWSER, Chairman.

To Wm. Hostrawser, Esq.,

Chairman, Road and Bridge Committee,
Peel County Council.

Dear Sir:—

I beg to report on the Boundary Line Bridges of Peel County as follows:—

1. Bridges 2 to 10, York County.

In 1930 the following work was authorized in the Road and Bridge Committee report (page 75, 1930 minutes), but owing to the rush of other work I was unable to have it done.

Bridge No. 2, Silverthorn's, Mill Road, Summerville, Paint and point abutments.

Bridge No. 3, Orth's, 1st line, North of Dundas St., Burnhamthorpe Road. Bridge to be replaced.

Bridge No. 5, Lot 7, Toronto Gore. To be painted.

Bridge No. 6, Humber River, Lot 8, Albion. To be painted.

Bridge No. 7, Cold Creek. Some stone to be placed to fill hole at abutments.

Bridges Nos. 7 to 10 inclusive, Cold Creek bridges. Railings to be repaired.

I respectfully suggest that a meeting be arranged with York County Commissioners and this proposed work inspected. I regret that both the York County Engineer and myself have been too busy to arrange the meeting before this Session of Council.

2. Bridges Nos. 16 and 16, Norval.

These bridges were replanked and the guard rails repaired by Halton County. I have their bill amounting to $144.51 for one-half of the cost.

3. Bridge No. 18, Churchville.

This bridge was recommended to be painted and small repairs made in 1930, and this work was not done.

4. Bridge No. 19, Eldorado.

There is a small balance of $89.94 due R. A. Blythe, contractor, when several little jobs are completed.

Some railing should be built and the survey completed. This has been waiting on the C. N. Electric officials, but an agreement has been reached with them verbally and is to be confirmed by a deed when we have it completed.

5. Bridge No. 26, Inglewood, 2nd Con. West.

Approaches to be repaired and some stone placed. This was recommended in 1930. (Page 75 Minutes).

6. Bridge No. 27, Caslors, Streetsville and Toronto Twp.

Railings to be repaired. May need painting.

7. Bridge No. 30, Streetsville.

Plank should be fastened down, preferably with steel plates, if cost is not too high, and approaches repaired.

8. There is probably more work than the above, but your Committee can decide what is necessary after inspecting the various bridges.

Your respectfully,

N. L. POWELL, County Engineer.

THIRD REPORT OF ROAD AND BRIDGES COMMITTEE

To the Warden and Council of the County of Peel.

Your Committee on Roads and Bridges beg leave to report as follows:

We have examined the following bridges and recommend the following work be done:

Bridge No. 18, Churchville, Toronto and Chinguacousy. Paint bridge and replace railings, put some gravel on approaches and do some necessary work on wall.

Bridge No. 27, Caslor's Bridge, Toronto and Streetsville. Put 2 loads of gravel on approaches.

Bridge No. 30, Main Street, Streetsville. Paint bridge and railing posts, fasten planks down, and repair the approaches.

Bridge No. 3. Your committee met the York County Commissioners at the Burnhamthorpe Road bridge over the Etobicoke on York County boundary. The York County Commissioner stated that they would recommend that a new bridge be built.

We recommend the building of a new bridge to the consideration of the whole Council and that the engineer give a report on the condition of the old bridge.

Your committee examined the following bridges and recommend the following work be done if York County are willing to pay one-half the cost.

Bridge No. 2, Silverthorn's, near Summerville. Paint the abutments.

REPORT OF THE CORN BORER INSPECTOR

The Warden and Councillors, County of Peel:

Gentlemen,—

I beg to report as follows:

I have made a thorough inspection of the County of Peel this year, and I find the Corn Borer somewhat improved.

I received considerable help from the County Council, which saved me many miles of travelling. I also found the farmers in Albion and Caledon cleaning up without me telling them to do sa. I consider this very satisfactory.

I have not done much work this fall, because the farmers clean up very well, on the whole, and I have no power to enforce cleaning up except in the spring.

Yours truly,

R. H. LUSH.

AUDITOR'S REPORT

For the Year Ending December 31st, 1931

To the Warden and Council of the County of Peel.

Gentlemen:

I have made quarterly audits of the county general, good roads, House of Refuge, school and debenture accounts and beg to submit the following attached statements:

A. Cash assets and liabilities
B. Capital assets and liabilities
C. Revenue account, 1931.
D. Cash deficit account.
E. Ratepayers' investment.

Schedules

1. Accounts receivable.
2. Receipts and disbursements 1st quarter.
3. Receipts and disbursements 2nd quarter.
4. Receipts and disbursements 3rd quarter.
5. Receipts and disbursements 4th quarter.
6. Receipts and disbursements, House of Refuge.
7. Receipts and disbursements, Public School account.
8. Insurance in force.
9. Receipts and disbursements, good roads account
10. Expenditure on good roads system by roads.

Re Provincial Highways

At the end of 1930 the county owed the Department of Public Highways $72198.59 for 1930 construction $54330.93 and maintenance $17867.66. The maintenance was paid in October, 1931, without interest.

There is now owing to the department $64119.37 made up as follows:

1930 construction	$ 54330.93
1931 construction	2714.54
1931 maintenance	5719.98
Interest on 1930 acct.	1353.92
	$64119.37

Re Good Roads System

Excess expenditure to end of 1931 amounts to $172191.93. The provincial grant for 1931 will be approximately $109700.00, and there are debentures to the amount of $60000.00 to be sold, leaving a deficit of approximately $2500.00.

Re Payment to T. Powell—$27.00

There was an overpayment in December of $15.75 to this party. A letter has since been sent to him and the money has been refunded.

Re House of Refuge

There was one transfer to this account in 1931, but the $500.00 was not needed and was transferred back to the County General Account before the end of the year, thus the Home did not cost either County any money during 1931.

The Inventory was increased by additions to Stock, Produce, and Supplies to the extent of $2500.00 and everything appears to be going along satisfactorily.

Re Accounts Receivable

These amount to $39475.09, which total includes $38592.06 owing by Township of Chinguacousy for 1931 County Rates. The other accounts are for Hospital Accounts unpaid by the Municipalities, and I would again draw your attention to the fact that the 1930 accounts are still unpaid.

Re High Schools

Owing to inversion of figures, Oakville High School were remitted $1713.16 instead of $1731.16. The balance of $18.00 should be forwarded to them.

Re Public Schools Account

There is a balance of $10.71 in this account, which represents Interest credited by the Bank. This will be transferred to the General Account so that the School account will be kept straight.

Re Treasurer's Books and Clerk's Records

These are being kept neatly and correctly.

In conclusion, I wish to extend my thanks to the County Officials for their kindly co-operation during my Audits.

Respectfully yours,

A. S. THOMAS, Auditor

David Wilson, Esq.,
Clerk, County of Peel,

Brampton, Ont.,
Dear Mr. Wilson:-

For the information of your Council I submit the following summary of expenditures to date in connection with the Gordon Home.

Salaries and other allowances up to and including payments for November are $3,294.73, as compared with $3,374.73 for the same period last year.

Maintenance and upkeep has been $720.32, in comparison with $1,183.34. In 1931 new fencing and a fire escape, totalling approximately $400, were responsible for the additional expenditure.

Supplies and clothing have cost $1,704.02, as compared with $1,558.43 in the preceding year. The increased number of children this year would probably more than offset any decrease in the cost of supplies.

Miscellaneous expenditures are $654.92, an increase over $340.45 to the same date last year. An account for $162 from the Milton School Board for school fees is a new expenditure this year, and the above amount also includes an account of $110 for surgical work that belonged to 1931. The 1932 account for surgical work is paid and included. Hospital and nursing fees are in excess of 1931, and this expenditure will be considerably increased as we have one child in the Preventorium at present, and in the Home there is a serious case of pneumonia, with a trained nurse in attendance.

It would appear that the December requisition from each county would be $350, making a total of $3,250 for the year, and

being the same as for 1931. Other receipts of $394.13 are $52.83 in excess of last year.

Yours truly,
H. M. PETTIT, Treasurer.

MOTHERS' ALLOWANCES LOCAL BOARD

Brampton, Ontario,
November 22nd, 1932.

Warden and Other Members of the County Council,
County of Peel,

Dear Sirs:-

I beg to submit the report of the Mothers' Allowances Local Board, up to date during this calendar year.

At this time last year, we had twenty-seven (27) persons receiving allowances, at a cost of $880.00 per month. At the last date we have report of, for September, 1932, we had thirty-three (33) receiving allowances at a cost of $1,035.00 per month.

During the year we had seven meetings to hear and pass on twelve (12) applications—two of these were deferred, and ten passed on favourably. Of these, one was from Chinguacousy, one from Albion, two from Caledon, three from Brampton, and five from Toronto Township.

The number on the roll, so far as each municipality is concerned, is as follows:- Albion 8, Brampton 6, Caledon 3, Chinguacousy 3, Port Credit 9, Toronto Township 4, total 33.

Every case that has come before us has been gone into as minutely as possible, the member of the Board nearest to the applicant in most cases, making a personal inspection and, of course, all cases are reported on very carefully by the Provincial Inspector before their consent is given, whether our report is favourable or not.

You will note that the amount is increasing each year, but there can be very little question about the merits of the cases in every instance, particularly where any claim was made while the husband was living and allegedly totally incapacitated. These cases are looked into very carefully, requiring a most stringent certificate of the medical doctor, and not acted upon until careful investigation has been made.

The Board consists of myself, as Chairman and Secretary; Mr. David Wilson, Brampton; Mrs. McLean, Port Credit; Mrs. McLachlan, Alton; Mr. William Dennison, Cooksville.

I beg to make this report to your honourable body.

Yours respectfully,

Mothers' Allowances Local Board
for County of Peel.

No work is provided for the prisoners, except the work of keeping the gaol clean.

GENERAL REMARKS:

The town of Brampton does not possess a lockup of their own, and as a result the local police use the County Gaol. From the first day of January, 1932, to date of inspection, 300 vags were accommodated with a night's lodging, and for the year ending December 31, 1931, 403 vags were accommodated.

All prisoners on sentence or sentenced are examined within 24 hours of their admission to the gaol.

RECOMMENDATION:

That the office just inside of the main grill of the entrance into the gaol proper be converted into an office for the Gaol Surgeon. At present this room has been made very little use of and would make a splendid office for the Surgeon, and further, that the remaining equipment required, be purchased.

That the eaves-dropping of the entire building be replaced with new eaves-dropping.

That small wire mesh screens be installed on the two kitchen windows. These windows are open to the main street.

That the plumbing in the turnkey's toilet room be repaired.

That the floor in the shower bath room be replaced.

That the steps leading into the main exercise yards be replaced with new ones.

That six pairs of boots be purchased and placed in stock, as well as six suits of underwear.

JAS. A. NORRIS, Inspector.

REPORT OF THE COMMISSIONERS OF THE HOUSE OF REFUGE

To the Warden and members of each of Councils of the Counties of Halton and Peel:

Gentlemen:-

Your Commissioners beg to report as follows:

In submitting this report of the Home for this year to November 18th, while it is not at all a complete report for the year, it will give the members of the Councils a fair knowledge of the activities of the Home for the year. Again we consider that we have had a very successful year. The farm crops were good, and the live stock have done well; the cattle purchased a year ago for feeding to fatten were killed during last winter, a part of the carcases used for the Home and the balance sold; a large portion of the butter used during the year was made on the farm. Due to having a very small balance on hand at the beginning of the year, and with some extra expenditures such as reinsuring the buildings which are now insured, and the insurance paid for a period of three years from February last, it was necessary to call on the counties for money to make payments, and we have received to date the amounts of $1,050.00, from each County. We believed the aforesaid amounts would be all required for the year, but the Inspector of Public Institutions, on his recent inspection of the Home, made an order that fire escapes be installed. With 86 inmates in the Home at the present time, it is necessary to use the attic for sleeping quarters, which is the main reason for the need of fire escapes. We deem it is more economical to erect them than to build additional accommodation at the present time, consequently they are being installed at an approximate cost of $1,000.00, and it will be necessary to call on the counties for money to cover this expenditure. Below is financial statement for year to date, and inventory of stock, and in part of produce on hand.

FIRST REPORT OF THE BOUNDARY ROADS AND BRIDGE COMMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on Roads and Bridges beg to report as follows:

We have visited Bridge No. 26 over the Credit River, Con. 2, W.H.S. between Chinguacousy and Caledon Townships and found

that the west abutment had been undermined. We also visited Bridge No. 3, on the York & Peel Line over the Etobicoke on the Burnhamthorpe Road and Bridge No. 2, also on the York and Peel Line on the Mill Road, Con. 1, N.D. St., Toronto Township.

We recommend that the sum of $5,000.00 be placed in the estimates for the purpose of repairing Bridge No. 26, near Inglewood and other bridges on the boundary lines.

We recommend that Bridge No. 3, on the Burnhamthorpe Road, Con. 1 and 11, N. D. St., Toronto Township, be built at an estimate of $6,000.00 for the Peel County Share and that your Committee be authorized to meet York County Commissioners and when the work is approved by York County agreeing to pay one-half the cost to proceed with the necessary plans, tenders, etc.

We recommend that your Committee be authorized to inspect other bridges on the list and do any urgent repairs and report at the next session of Council.

Since all accounts are paid out of Good Roads Funds in order to get the subsidy from the Dept. of Highways your Committee recommends that Road and Bridge Accounts be handled in the same manner as County Road Accounts.

We recommend payment of the following Committee fees:

E. L. Patterson, 2 days and mileage	13.40

ROBT. SMITH,
Warden.

ROBT. WHALEY,
Chairman.

SECOND REPORT OF THE BOUNDARY ROAD AND BRIDGE COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on Roads and Bridges beg to report as follows:

We inspected Bridge No. 26 on the Caledon—Chinguacousy Line Concession Two West, over the Credit River. The West abutment was washed out and had sunk nearly two feet on one corner.

Your committee considered two proposals as follows:

A. Move bridge deck 25 feet west and build two new abutments to avoid future wash on the west end.

B. Replace abutment with a new one on pile foundation and drive a row of piles at the north wing to prevent further wash.

The second proposal to replace the abutment was adopted since the cost will be one-half of the other and prices were asked for from John Patterson Const. Co. and Kidd & Son. The Patterson Co. was the only price put in and this was submitted to the Dept. of Highways and they approved of awarding the work to Patterson Co. so as to get it started at once. The prices were.

Piling driven 60 cts. per lin. ft.

Jacking bridge, $100.00.

Removing old concrete $1.50 cu. yard.

Placing concrete $15.00 cu. yard.

The concrete price includes all coffer-daming and unwatering.

The County to supply cement and steel.

The cost was estimated at $1700.00 for the above but the Dept. of Highways has insisted on a heavier wall than the Engineer estimated on and the piling may need to be longer so that the cost may reach $2200.00, but should not be over that amount.

2. Your Committee met the York County Commissioners on May 13th at the Burnhamthorpe Bridge, formerly known as the Orth Bridge, between York and Peel Counties over the Etobicoke and between Concessions one and two north of Dundas St., Township of Toronto.

The Joint Committee came to Brampton and it was decided and agreed to proceed with the construction of the Bridge at an approximate cost of $12000.00. The design and supervision of the work to be carried out by the York County Engineer. Tenders to close on May 27th.

Eighteen tenders were received and the joint committee met in Toronto on May 27th. The John Patterson Const. Co. were low and the work was awarded to them at $9,997.70. In addition there will be the Engineering fees, inspection and steel bending costs making a total of approximately $5,500.00 for Peel's County share.

3. The Original estimate for Roads and Bridges was $10,000. but this can be reduced to $8,500.00 since the above prices are lower than former estimates.

4. We recommend payment of the following accounts.

R. S. Whaley, 3 days and mileage	$ 15.00
E. L. Patterson, 3 days and mileage	19.10
D. G. Sutherland, 3 days and mileage, 1 day and car	20.90
Jas. McKane, 3 days and mileage	15.60
W. A. Russell, 3 days and mileage	12.00
N. L. Powell Committee expenses	5.50
	$ 88.10

5. We recommend that the bridge on the first line west at the end of the Inglewood road be referred to the Highway Department with a request that it be considered as belonging to the County System.

All of which is respectfully submitted.

Adopted June 8, 1932.

ROBT. SMITH,
Warden.

R. S. WHALEY,
Chairman.

THIRD REPORT OF THE ROAD AND BRIDGE CMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on Roads and Bridges beg to report as follows:

To the Warden and Council of the County of Peel:

1. Bridge No. 26, Inglewood, Con. 2 West, Caledon and Chinguacousy Townships—The replacing of the westerly abutment has been completed. The total amount charged to this work was $2,881.94, as shown on the books, but there are credits from returned cement sacks and the sale of the cement left over of $215.90; also part of the south wing wall which was left, had to be replaced at a cost of $216.32. The river bed was also widened between this bridge and the railroad bridge on the east side. This cost $98.75. Both of these amounts are shown in the total of $2,881.94. This leaves a net cost for the abutment proper of $2,350.97, as against an estimate of $2,200.00.

2. Bridge No. 3, Burnhamthorpe Bridge, Con. 1 and 2, N.D. St. York and Peel Line, Toronto Township—Your Committee met the York County Commissioners at this bridge on Nov. 18, to inspect and open it. The proceedings were informal, consisting of short speeches by Warden Legge, of York County, and R. S. Whaley, chairman of this Committee, and L. H. Pallett, on behalf of Peel County. We have one account for $5,673.36 for Peel's share of the cost of this bridge, and there is a small one to follow.

We recommend payment of this account, $5,673.36, and also the balance of account when passed by your committee.

3. Bridge No. 2, Silverthorne Bridge, Mill Road, Summerville, York and Peel Line—We have an account of $55.40, Peel County share of replanking this bridge; there is an account yet to come for repointing stone work. Less amount advanced by cheque	5.80	
		17.40
Jas. McKane, 3 days and mileage		15.60
W. A. Russell, 1 day and mileage		4.00
Total		$ 60.50

All of which is respectfully submitted.

Road Superintendent's Report

COUNTY ROAD SUPEDINTENDENT'S ANNUAL REPORT OF EXPENDITURE ON PEEL COUNTY ROADS SYSTEM DURING 1932

To the Warden and Members of Peel County Council.

Gentlemen:

I beg to submit herewith a statement of the moneys expended in accordance with the regulations of the Department of Public Highways of the Province of Ontario on the Peel County Roads System for the year 1932, together with the tabulated statements, declarations, etc. necessary to be forwarded with your petition for the government subsidy.

These statements show a greatly decreased expenditure over the past two years, only 2.05 miles improved as compared with 12.67 in 1931. 1.05 miles were graded this year, 0.25 miles paved and 1.75 miles gravelled, 270 lin. ft. of drain-tile laid, eight steel culverts installed, six concrete pipe culverts. On the boundary line bridges the bridge over the Etobicoke river on the road allowance between the first and second concessions north of Dundas St. was replaced.

The Etobicoke is the York County boundary here and York County had the entire design and construction under their supervision.

Within the county the westerly abutment of the Credit river bridge on the Chinguacousy-Caledon Townline washed out and was replaced. The details of the above expenditures are shown in the following pages.

All of which is respectfully submitted.

NEWTON L. POWELL,
County Engineer and Road Supt.

Brampton, Ont., Jan. 28, 1933.

COUNTY JUDGE'S REPORT RE EQUALIZED ASSESSMENT

To the Warden and members of the county council, County of Peel.
Gentlemen:

In pursuance of By-law No. 784, passed by the County Council of the County of Peel on the 17th day of March, 1933, equalizing the assessment of the County of Peel, and on the appeals therefrom lodged on behalf of the municipality of the Township of Toronto and of the village of Port Credit, and of the provisions of the statute in that behalf, I have undertaken the task of equalization of the county and beg to report as follows:—

I appointed the 31st day of March, 1933, at 2 p.m., at the Court House, Brampton, as the time and place for the first hearing of such appeals. At this meeting all the municipalities of the county were represented as follows: Mr. E. L. Claridge for the village of Port Credit, Mr. Gordon B. Jackson, K.C., for the Township of Toronto, Mr. H. Lawrence for the Townships of Caledon and Toronto Gore, Mr. C. H. Bowyer for the Township of Chinguacousy, Mr. R. W. Lent for the town of Brampton, village of Streetsville and township of Albion, and Mr. S. H. Cameron, Assessor for the village of Bolton, and A. G. Davis, K.C., representing the county.

The following resolution was adopted:—

"Corporation of the Village of Port Credit and the corporation of the Township of Toronto, appellants, and corporation of the County of Peel, respondent.

"We hereby consent for the respective municipalities appealing the equalized assessment of the County of Peel to have the final equalizing of the assessment made by the County Judge. Village of Port Credit by Murphy, McDonald and Claridge; Township of Toronto by Gordon B. Jackson, K.C.; Township of Caledon by Messrs. Graydon & Lawrence; Township of Toronto Gore by Messrs. Graydon & Lawrence; Township of Chinguacousy by T. H. Elliott, Reeve and C. H. Bowyer; Town of Brampton, Village of Streetsville and Township of Albion by Roy W. Lent; Village of Bolton by S. H. Cameron, Assessor.

"Dated March 31st, 1933."

After hearing the various counsel, I suggested that, if possible, the several municipalities should try to arrive at a settlement of the equalization and thus save considerable costs. An attempt at settlement was made, but as no agreement could be arrived at, I proceeded with the hearing.

I intimated that I proposed as two ways, amongst others, of arriving at equalizing the assessment, the following:

1. To procure a list from the Registrar of sales in each municipality in 1931 and compare the same with the assessed values.

2. To have each municipality submit a list of representative properties and I would myself inspect the same and endeavour to arrive at their actual values and compare the same with the assessed values and thus obviate the expense of employing valuators.

The meeting was then adjourned to the 7th of April, for the purpose of procuring the list of sales and lists of representative properties.

On the 7th of April the hearing resumed, the same counsel and the Assessor of Bolton being present as at the first hearing, and it was then agreed by all municipalities that the method to be adopted by the Judge as outlined by him, should be left to his discretion, counsel to have the opportunity of discussing various sales as shown in the Registrars' lists, and the hearing was further adjourned to the 2nd of June, 1933.

I was duly furnished with a list of representative properties from each municipality, varying in number from five in the Township of Toronto Gore to thirty-nine in the Township of Toronto, being properties situate in various parts of each of the said municipalities. I also procured from the Registrar the list of sales from the different municipalities in 1931 and procured from the Assessors the assessed values of all these properties.

I then proceeded, as opportunity offered, to personally inspect all the representative properties with which I had been furnished lists, but found it impossible to complete my inspection by the 2nd of June.

On the 2nd of June the hearing was again resumed, with the same counsel present, and the lists of sales for each municipality were gone thoroughly into and counsel given ample opportunity to discuss the same, with the result that all sales which were for a nominal consideration or which amounted to family settlements, and also sales of lands taken back by mortgages on account of the mortgage not being paid, were eliminated from the lists.

At this hearing I also heard arguments of counsel and the matter was then adjourned and recommenced on October 20th.

In the meantime I visited all the representative properties

with which I had been furnished lists—which lists gave the assessed values—from the extreme south to the extreme north and from the extreme east to the extreme west of the county, examining the location of each property, observing the buildings, etc., and made certain enquiries as to the nature of the soil and other conditions to enable me to arrive at a comparison with the real value of each as compared with its assessed value.

Before doing this I had obtained from each Assessor the statement as to the percentage of the true value at which he assessed, and I found that such percentages varied very considerably in the several municipalities, and particularly amongst the rural ones.

By my personal observation of the various properties thus visited and inspected by me, the following was forcibly impressed upon me, namely that throughout the whole county, from north to south and east to west, with the exception of a proportionately few rough sections and with the location of poorer roads here and there, and the difference in buildings, the farms as a whole seemed uniformly productive and well improved and the difference in the value very slight.

It is common knowledge that values of property throughout the county have been reduced owing to the depression which has existed, but from which I hope we have passed or are rapidly doing so, but the obligations of the county must be met and the object of equalization is to see far as possible that each municipality bears its equitable proportion of the total assessment for county purposes.

Having this in mind, I went over the various values I had arrived at and the various assessments, both of the sales lists and representative lists, a great many times (having in mind also the arguments adduced by the various counsel), with the object of discovering whether the values of property in any one or more municipalities had been depreciated more than any others.

The result of my labours and investigations has convinced me that both the appellant municipalities, the Village of Port Credit and the Township of Toronto, have been to a slight extent affected more by depression of values than any of the other municipalities. Both the appellant municipalities have large sections of subdivided holdings and I find that the period of depression which has existed has had the effect of lowering the values in both these municipalities more than in any other of the municipalities of the county, in none of which do these conditions obtain to the same extent.

In the case of Port Credit this conclusion is supported partly by an appeal which came before me during my work in this matter. This was an appeal against the assessment of quite a large block of lots situate at the east of Port Credit, between the Lakeshore Road and the lake, and after hearing the evidence adduced, I felt compelled to lower the assessment which I found was too high as compared with the actual value. The same applies to Toronto Township where I had to reduce the assessment on more than one property on appeals brought before me. In the case of both Toronto Township and Port Credit, the conclusion I have arrived at is borne out in part by the very large proportion of sales for taxes in both, as compared with the other municipalities.

I am impressed with the assessment of Bolton and see no reason why its total assessment as equalized by By-law No. 784 should be disturbed to any extent.

After the very best consideration that I could bring to bear on the question, I found and declare that the equalization of the several municipalities in the County of Peel, in lieu of the amounts severally fixed by By-law No. 784, shall be and is as follows:

		%
Township of Albion	$1,445,611.06	7.24
Township of Caledon	2,014,670.00	10.09
Township of Chinguacousy	3,797,723.00	19.02
Township of Toronto	6,866,651.00	34.39
Township of Toronto Gore	812,657.00	4.07
Town of Brampton	3,450,298.00	17.28
Village of Bolton	231,617.00	1.16
Village of Port Credit	1,098,185.00	5.50
Village of Streetsville	249,588.00	1.25
Total amount at which assessment equalized	$19,967,000.00	
Total percentage		100.00

and I hereby report the above figures respectively as such equalization accordingly.

I would point out the following: (a) I am not satisfied with the methods adopted by Port Credit and Streetsville in assessing for business assessment. They're not strictly in accordance with the Assessment Act, which provides certain percentages to be placed as business assessment, such percentages being on the real property used for purposes of the business. In many cases, where property which is occupied as a store and partly as a dwelling, the

real property value is not separated, so that it is impossible to tell on just what amount of real property the business assessment is based. This should be remedied. (b) The Assessment Act provides that the County Council (see Sec. 89) shall examine the Assessment Rolls of the various municipalities in the county for the preceding financial year, etc. In the County of Peel I understand it is not the practice of the County Council to do this but to simply examine a summary of each Assessment Roll. It is true that by Section 91 the Council is authorized to make the equalized assessment according to the best information obtainable where the Clerk of any municipality has neglected to transmit a certified copy of the Assessment Roll, but I do not think that it is the intention that the Council should avail itself each year of the provisions of Section 91 and make its equalization without examining the different Assessment Rolls. I submit that the method of arriving at the equalization without examining the various Assessment Rolls is not in accordance with the intention of the Assessment Act. I would, therefore, strongly urge the County Council in future to comply strictly with the provisions of the Act in this respect. My suggestion would be that before equalizing the assessment, the County Council should examine each Roll with the assistance of the Assessor. This would take some time and might possibly slightly add to the expenses of the county, but such would be infinitesimal compared with the expenses of an appeal, and in this connection I would point out that this is the third appeal from the equalization of the county within the last three years.

Port Credit and the Township of Toronto have both succeeded in their appeals, and I direct that their costs, including counsel fees, should be paid by the county, such costs to be taxed as provided by Section 90, Sub-section 11, of the Assessment Act. The court fees, including Judge's fees, abstracts from the Registry Office and clerical work, shall be paid by the county, and also the costs of the county solicitor. All the above costs shall be levied by the county on the several municipalities in proportion to their equalized assessments, as shown above. I direct that such of the other municipalities pay its own costs.

I have given this equalization question my very best consideration, have tried to the best of my ability to make a just equalization, and if my conclusions are not satisfactory to the County Council as a whole, I would suggest that that body consider carefully the provision of Section 88 of the Assessment Act, which might provide the means of preventing costly appeals.

In conclusion may I say that the work has given me pleasure

and the inspection of the representative properties throughout the county has given me an opportunity to learn at first hand its beauties, its exceptionally fine farmsteads and its beautiful homes, and I have no hesitation in saying that the County of Peel is one of the very best improved in the whole Province.

I cannot close this report without expressing my appreciation of the assistance and courtesy extended to me by the various counsel who were engaged in this matter.

All of which I hereby respectfully certify and submit, pursuant to the provisions of the Assessment Act.

Dated at Brampton this 27th day of December, A.D., 1933.

(Sgd.) TREVOR H. GROUT,
County Judge.

REPORT OF THE COMMITTEE ON HOSPITALS AND OLD AGE PENSIONS

To the Warden and Council of the County of Peel,
Gentlemen:—

Your Committee on Hospitals and Old Age Pensions beg to report as follows:—

We have held a meeting each month during the year and have succeeded in disposing of both the Old Age Pensions and Hospital Accounts presented each month by meeting for one day, and we find the present system more satisfactory than when working with separate Committees.

Your Committee have endeavoured to secure a reduced rate per day per patient at the several Hospitals, but owing to lack of accommodation in the Hospitals we have not succeeded. Hospitalization of indigents in the County of Peel is becoming a serious question, and some effort will have to be made to keep it in bounds. The accounts passed this month amounted to $2,471.90; a substantial increase over any previous month.

Since the appointment of a Local Old Age Pension Board in Peel County in 1929 there have been presented for consideration 618 applications. Of these 529 were granted and 89 refused, deferred or withdrawn. 86 applications were received within the last twelve months, 60 of which were granted and 26 refused or deferred. Your Committee have thought it necessary to reduce the amount granted on Pensions, with the result that ninety per cent. of the pensions granted this year have not exceeded $15.00 per month; the average of the 60 pensions granted being $14.50. On October 1st, 1932, we had 303 pensioners receiving the pension. On October 1st, 1933, which is the latest report obtainable, we have 332 pensioners on the list. The amount paid to Old Age Pensioners in Peel County during the current year was $72,050. Of this amount Peel County contributed $7,205; being 10% of the total.

We recommend that the bill for $30.00 in connection with the funeral of the late J. E. Bell by Messrs. Skinner and Caven be referred to the whole Council. Council authorized bill to be paid.

All of which is respectfully submitted.

Adopted Nov. 30th, 1933.

Warden.

L. H. PALLETT,
Chairman.

REPORT OF THE COMMISSIONERS OF THE HOUSE OF REFUGE

To the Members of the Councils of the Counties of Halton and Peel.

Gentlemen:

Your Commissioners beg to report as follows:

In submitting this report of the House of Refuge for this year to date we feel that we have had a very successful year in connection with the Home. The crops on the farm were better than the average and the live stock have done well; and while we have had a greater number of inmates in the Home than heretofore, the number being 93 at one time during the year, but while we have had an increase of inmates, due to the amount of produce raised on the farm the cash expenditure for maintenance of the Home has not increased in proportion to the increase of inmates. All the meat consumed this year has been raised and killed on the farm and about 50 per cent. of the butter used has been made at the Home. The inmates are given milk to drink every day and all the eggs produced are used in the Home.

In submitting an estimate in the beginning of the year of the amounts required from the counties for maintenance, $800 from each county was the amounts calculated to be required. The above amounts would have been ample to carry us through the year, but owing to the condition of the roof over the kitchen we had to consider putting on a new roof at an approximate cost of $200. After considering the matter of the roof, the inspectors report that we had not adequate sleeping accommodation for the number of inmates. We decided it was a matter of good business to ask for tenders for the erection of two rooms over the said kitchen. The tenders were received and the rooms have been erected at a cost of $1200. They will provide sleeping accommodation for 14 inmates. To cover the cost of above rooms it was necessary to ask

the counties for an additional $500 or possibly $600 from each county.

Below is a summary of receipts and expenditures to date and an inventory of stock and produce on hand and partial statement of produce consumed during the year.

Stock—4 horses, 11 cows, 2 baby beef, 3 heifers, 9 calves, 2 brood sows, 14 fat hogs, 10 store pigs, 24 geese, 17 turkeys, 300 hens and chickens.

Produce on hand—15 tons hay, 25 tons straw, 300 bus. wheat, 200 bus. barley, 500 bus. oats, 350 bus. turnips, 300 bags potatoes, 25 bags carrots, 15 bags parsnips, 30 barrels apples.

Produce consumed or used—2 steers, 32 hogs, 999 lbs. butter, 4915 gallons milk, 677 dozen eggs, and all vegetables used were grown.

Total receipts to date	$11,016.75
Total expenditures to date	10,567.19
Balance	$449.56

All of which is respectfully submitted.

Adopted as read.

Road Superintendent's Report

OF EXPENDITURES ON PEEL COUNTY ROADS DURING THE YEAR 1933

To the Warden and Members of Peel County Council.

Gentlemen:

I beg to submit herewith a statement of the money expended in accordance with the regulations of the Department of Highways of Ontario on the Peel County Road System for the year 1933.

Together with the Tabulated Statements, Declarations, etc. necessary to be forwarded with your petition for the Government Subsidy.

These statements show the least expenditure in many years on your County Road System. There was no mileage improved. The only construction being Watson's Bridge, one quarter mile above Dundas St. On the Third Line East, Toronto Township, an extension to a culvert on the same road opposite Lot No. nine, Mr. Deadmans, and an extension to Moon's Bridge on the Simcoe Townline opposite Con. Two, Albion Township. Six corrugated steel pipes were also placed.

If the County Road System is to be kept in a safe condition for the travelling public and the large investment of past years preserved, serious consideration should be given to increasing the funds available.

All of which is respectfully submitted.

NEWTON L. POWELL,
County Engineer and Road Supt.

Brampton, Ont., Jan. 26, 1934.

1. The total Receipts of the House of Refuge for this year to date are $5858.69, of said amount $2600.00, were transfers from the Counties of Halton and Peel, the total amount paid out to date is $4806.19, leaving a balance on hand of $1052.50.

We have received the account for the coal recently delivered for the amount of $1251.00, and the account for water for two months for the amount of $36.95, the said accounts will have to be paid at once.

2. The expenditure this year to date has been rather heavy, we began the year with a deficit of $282.24, we found it necessary to purchase a new cream Seperator and Churn also a barn from Miss Newhouse at a price of $125.00, which Mr. Yarranton has taken down and re-erected to be used for a hog pen and hen-house, due to the cold winter we had to purchase an extra car of coal to carry over the spring at a cost of $209.50, we believe you will consider the above expenditures a matter of good business, at the present time enough butter is being made to supply the needs of the Home and the Hogs and Fowl raised add considerably to the revenue of the Home.

3. There are at the present time 81 inmates in the Home, since the first of the year there have been 10 deaths, 9 of the said deceased Inmates were Old Age Pensioners, the Home receiving the pensions, six of the Inmates still in the Home made application during this year for Old Age Pensions, we have received notice that five of the said applications have been approved.

4. We hope and at the present time believe that the expenditure for the balance of the year will not be so great and that we will not have to request the Councils of the Counties of Halton and Peel for more money than the amounts submitted in the estimated expenditure for the year.

All of which is respectfully submitted.

Adopted June 8th, 1934.

O. H. DOWNEY, Warden. E. W. McCULLOCH, Chairman.

REPORT OF THE HOUSE OF REFUGE COMMITTEE

To the Warden and Council of the County of Peel and County of Halton:

Your Committee on House of Refuge beg to report as follows:

We are pleased to be able to report another successful year in connection with the Home, as is to be expected in a Home for aged persons there have been a number of deaths during the year, names of those deceased will be included in Dr. Edward's report. We have 88 inmates in the home at present, 28 of the said inmates are receiving the Old Age Pensions.

Without at this time giving a full financial report, suffice to say the expenditure generally has been about the same as last year, the Capital expenditure to date is the amount of $1298.68, which includes the purchase of a cream seperator at a cost of $144.50, one wagon $87.25, and renewal of water mains, etc., on the Home property $77.30, the balance $989.63 was spent in purchasing a barn and erecting same for use as hog pen and henhouse, also raising shed, building foundation under same and completing for horse stable. There is at present on the farm a stock of 4 horses, 34 head of cattle, 29 pigs, 185 hens and cockerels, 24 geese and 10 turkeys, of vegetables and grain, 300 bags of potatoes, 700 bushels of roots, 10 barrels of apples, and 4000 bushels of grain, also 20 bushels of Alfalfa seed.

Mr. W. E. Yarranton, Superintendent, considers he has plenty of feed for the present stock until the grass grows again and we consider he deserves credit for the splendid conditions which exist at the Home.

On recommendation and instruction from the Inspector of charitable Institutions we have had installed a Fire Gong in the Home at a cost of $70.00 the same is not yet paid for, so is not included in above amount for Capital expenditure. We consider that the buildings are now adequate for the requirements of the farm, the fences are in good order and it should not be necessary to make further capital expenditure for some years to come.

On October 20th we were favored with a visit to the Home of Members of the Council and Officials of the House of Refuge of the County of Wentworth. We appreciated their visit and the expressions of congratulation from them to the Commission and the Superintendent and Matron in regard to the conditions at the Home.

We wish to thank the Councils of the Counties of Halton and Peel for their support to the Commissioners during the year, we have received from the two Counties the amount of $3000.00, and the said amount with other receipts we hope will practically cover the expenditures for the year.

All of which is respectfully submitted.

Adopted November 29th, 1934.

O. H. DOWNEY, Warden. E. W. McCULLOCH, Chairman.

MOTHERS' ALLOWANCES LOCAL BOARD

The Warden and Members of the County Council,

Yours sincerely,

T. W. DUGGAN, Chairman.

D. W. Moran, Esq.,
Streetsville, Ont.,
Dear Mr. Moran:—

Since writing you on Oct. 30th, relative to the financial standing of the Gordon Home, I have had an unusually heavy list of accounts for November, about $550 in addition to $237 required for salaries. This with the accounts which I mentioned that I was holding from October naturally makes it impossible to carry through without exceeding the $3600 mentioned in my previous letter.

The increased expenditure is largely from a change in the heating which involved a contract of $68.00, and the purchase of a fairly large amount of clothing and other winter supplies. I believe some of these matters were discussed at the Board meeting but I was not aware of them at the time I wrote you.

Until I receive the accounts after the first of December I can hardly say just what the December requisition will be but would expect that $100 from each county should take care of the situation. I will endeavour to keep it as low as possible as our expenditure this year will surely have the effect of enabling us to keep within bounds next year.

Kindly mention this matter to Mr. Dennison so that he may also be familiar with the situation.

Yours very truly,
H. M. PETTIT,
Treasurer.

October 30th, 1934.

D. W. Moran, Esq.,
Streetsville, Ont.,
Dear Mr. Moran:

I enclose a statement covering our receipts and disbursements to October 31st.

Since speaking to you, when you were in Milton, I have had an unusually heavy list of accounts for October and our requisition from the Counties will have to exceed 1934 by possibly $150 from each County. This, of course, is not a very great increase in view of the new refrigerator and electric stove, but as I had carried a surplus of $217.35 I was in hopes that I would not exceed the requisition of 1933 which was $3450 from each County.

I am holding the account for school fees, $268 and water rates, $30.00, until November as you will note I have already incurred a slight overdraft. These accounts with salaries payable Nov. 1st and Dec. 1st, and with the numerous accounts for supplies, will not permit carrying over a balance equal to that from 1933 but I do not propose to exceed a $3600 requisition in any event.

December salaries are not paid until Jan. 1st, which accounts for my own salary showing for 12 months while Dr. Stevenson who started Jan. 1st at the same salary will only appear to receive nine months salary in 1934. This practice has been in effect for a number of years and places the salaries with the other accounts for the previous month, also eliminating the dealing with outstanding cheques in the balance at the end of the month which would always be the case if they were issued at the end of the month.

An audited statement covering the year will be forwarded to your Clerk as early in January as possible.

Yours very truly,

H. M. PETTIT,
Treasurer.

SUPERINTENDENT'S REPORT

ROAD SUPERINTENDENT'S REPORT 1934 OF EXPENDITURES ON THE PEEL COUNTY ROADS DURING THE YEAR 1934

To the Warden and Members of Peel County Council:
Gentlemen:

I beg to submit herewith a statement of the money expended in accordance with the regulations of the Department of Highways of Ontario on the Peel County Road System for the year 1934. Together with the tabulated Statements, Declarations, etc., necessary to be forwarded with your petition for the Government Subsidy.

These Statements show a slight increase in the Expenditure over 1933, but this increase is entirely owing to the Port Credit paving, which is being financed by that Municipality, and a small over expenditure. There is no deficit shown but accounts are owing on the surfacing of the Spring Road in Toronto Township, from Dundas St. at Erindale, southerly for 3300 ft. The other section improved is the paving of 1200 ft. on Joseph St. South in Port Credit. One bridge was built on the Simcoe County line, opposite con. 3, Albion. Ten Corrugated iron culverts were installed.

The year 1935 should see an increase in the money spent on Maintenance if the County Roads are to be kept safe for traffic. The past two years sufficient work has not been done to maintain them much less improve them.

All of which is respectfully submitted.

NEWTON L. POWELL,
County Engineer and Road Supt.

Brampton, Jan. 26th, 1935.

PEEL COUNTY ROAD SYSTEM, 1934
CONSTRUCTION

County Road No. 1B—Spring Road, Toronto Township, Lot 28, Con. 1; S.D. St.

The maintenance of this road having been difficult, owing to increasing heavy traffic, it was decided to surface it. The length of the road, from Dundas St. South to the end of the surface placed in 1932 was 3255 lin. ft. and the grade had been widened early in the year by stripping a Township Gravel pit near the Erindale school. Tenders were received for a gravel mulch surface, based on an estimated cost of $2000.00 for a complete job.

The work was done early in October and owing to the weather

the mixing of the asphalt was very slow and difficult. The gravel was supplied by the County from Pinchins pit and hauled on the road. The mixing was done by the Municipal Road Spraying Co. and the Asphalt supplied by the Imperial Oil Co. through the Spraying Co. Payment of the account for mixing and asphalt was held up until such time in 1935 as the road surface could be put in good shape and the work considered satisfactory. Accounts paid in 1934 for surfacing amount to $1284.50.

SUPERINTENDENT'S REPORT

ROAD SUPERINTENDENT'S REPORT, 1935, OF EXPENDITURES ON PEEL COUNTY ROADS DURING THE YEAR 1935

To the Warden and Members of Peel County Council:

Gentlemen:

I beg to submit herewith the statement of the money expended in accordance with the regulations of the Department of Highways of Ontario on the Peel County Roads during the year 1935. Together with the tabulated Statements, Declarations, etc., necessary to be forwarded with your petition for the Government Subsidy on this expenditure.

The total expenditure is approximately the same as in 1934. The mill rate was increased from one mill to one and one-quarter mills but the amount received from the Relief Fund was considerably less. The deficit was also decreased and the amount spent on maintenance was very nearly the same. This is the minimum that will keep the roads safe for traffic and it would be true economy to raise enough more to build some "low cost surfaces" or at least apply some dust-laying materials on a larger mileage of the system so that the loss of gravel through the dust menace will be partially stopped at least.

A start was made in surfacing the villages, Caledon East and Cheltenham being paved, and more work should be done in 1936.

A motor grader is urgently needed to enable us to shape up the roads, and I would recommend the purchase of one and the increasing of the mill rate one-half mill at least; better still, make the rate two mills, which would enable up to spend up to $40,000.00 on road surfacing or other construction.

All of which is respectfully submitted.

NEWTON L. POWELL,

County Engineer and Road Supt.

Brampton, Feb. 1st, 1936.

PEEL COUNTY ROAD SYSTEM, 1935

CONSTRUCTION

County Road No. 1B—Toronto Township

The continuation of the Fourth Line West from Streetsville to Clarkson in the first concession south of Dundas St., is known as the Spring Road from Dundas St. to the end of the Mississauga Road at Pinchin's gravel pit. From Pinchin's to the Middle Road it is called "Pinchin's Road."

It is forty feet wide and has been very difficult to maintain. Tenders were called for a tar gravel mulch road, 18 feet wide and 2657 feet long. The work was awarded to Armstrong Bros., of Brampton, at 40 cents per square yard laid, the County to do the priming and shouldering, this being the lowest tender. Crushed gravel from Pinchin's pit was used and "Rotar" tar mixing being done in a large concrete mixer.

Cost—

Armstrong Bros., contract	$ 2160.00	
Priming	196.20	
Advt., etc.	5.45	
Inspection	29.75	
Shouldering and grading	163.30	
		$ 2554.70

A road mix surface was laid on the Spring Road in 1934 late in the year. Owing to weather conditions the result was not satisfactory and final payment was not made. The contractor and material manufacturers scarified portions of the road in 1935 at an approximate cost to themselves of $400.00 and the surface was then accepted by the County and final payment made.

Final payment, 1935	$ 1638.23	
Total cost of surface, 1934 and 1935		$ 2922.23

County Road No. 2B, Joseph St., Port Credit

The final payment on this concrete pavement laid in 1934 was made	$ 201.61

County Road No. 6A—The Five Sideroad West, Chinguacousy Township

This road was paved in 1931 by the Storms Cont. Co. on a sub-contract from the Standard Paving Co. The payments made in 1931 were $194.94 less than the final estimate sent the Standard

Paving Co., and two cars of stone in the base of the road certified to by the County Engineer were not included. The contractors overlooked this balance due, the County did not pay it in 1932, and when the account was presented it had to be checked again.

Final payment		$ 376.57

County Road No. 7D, Caledon and Albion Townships, Caledon East

A contract was let to Armstrong Bros., of Brampton, for a three-inch consolidated surface of tar gravel mulch, two feet wide through the police village of Caledon East. The surface was primed and pavement laid with crushed gravel from Parr's pit and "Rotar" tar, mixed in a concrete mixer.

Cost—

Armstrong Bros., 3529 square yards, @ 50 cents	$ 1764.50	
Advt., etc.	3.54	
		$ 1768.04

County Road No. 10A, Chinguacousy Township, Con. 3-4, WHS, Lots 30, Cheltenham

The above contract with Armstrong Bros. included this work and the surface was laid from the foot of the hill, opposite the Mill Road, to the Baptist Church, 20 feet wide south of the Credit River Bridge and 18 feet wide north of the bridge.

Cost—

Armstrong Bros., 3044 square yards, @ 50 cents	$ 1522.00	
Advt., etc.	4.44	
		$ 1526.44

County Road No. 13B, Dufferin and Peel Boundary, Con. 1, Albion Township

This road was graded some years ago but no settlement was made for the land as the owner was not registered. In 1935 the part of the land north of the road as constructed and to the old original road allowance was sold to go with the land adjoining in Dufferin County. Ownership was established by Robt. Young, of Mono Mills, and the survey of the road paid for and the land.

Cost—		
Survey	$ 120.10	
Robert Young, land	75.00	
	$	195.10

County Road No. 14B, Chinguacousy Township,

Lots 17-18, Con. 2, EHS

In widening this road in 1931 some land had been taken from Jas. Smith, owner of W. ½ Lot 17, Con. 2, and the fence destroyed. No settlement was made pending completion of the work, but as any further work at this location seems to be indefinitely postponed an agreement was made with Mr. Smith and settlement made as the fence is now located.

Cost	$ 40.00	
Total Construction	$	8300.69

FOURTH REPORT OF THE PROPERTY COMMITTEE

Your Committee on County Property beg leave to report as follows:

In accordance with your instructions your Committee asked for tenders for re-painting the Gaol Yard walls.

The Contract was let to A. Marchment of Churchville, the entire cost of the work was $200.00.

We also purchased an extension ladder for the sum of $12.00 which is now in the possession of the Gaoler.

Your Committee have carried out the work recommended by the Inspector of Prisons as follows:—

The wood partitions surrounding the toilets and corridors should be painted.

All grille work on windows and doors should be wire brushed and given a coat of rust-resisting paint.

The steps leading from the women's corridor into the yard are badly rotted, and should be replaced at the earliest possible date.

Push buttons should be installed on each corridor within easy reach of one of the cells, so that an alarm could be given during the night in case of sickness or fire; the annunciator and bell to be located in the Gaoler's quarters.

The shower bath in the basement should be reconditioned and a proper drain installed. At several places the plaster has fallen from the ceiling. This should be repaired whenever convenient.

The temporary light connected to the outlet in the basement corridor should be disconnected and permanent installation made for the outlet in the store room.

I would also recommend that arrangements be made at an early date to re-paint the walls surrounding the recreation yards. At the same time consideration should be given to refacing some of the stones of the Gaol Wall adjacent to the grille windows; the object being to prevent any prisoners using the projection as a means of escape.

We also placed new treads and risers on Jail Stairs and a new floor in the bedroom. This complete work was done by Jail Labour. Material was the only cost to the County.

Your Committee purchased from the Underwood Elliott Fisher Co. second-hand, one oak filing cabinet for Mr. Partridge for the sum of $17.00.

We have a request from the County Judge Cochrane, a room in which to place his library which we understand is too large to be placed in his present quarters. The Committee recommended that the County Judge be given the small room on the ground floor.

Your Committee recommends a small filing cabinet for the County Judge.

REPORT OF THE HOUSE OF REFUGE COMMISSIONERS

To the Wardens and Members of the Councils of the

Counties of Peel and Halton.

Gentlemen:

Your Commissioners of the House of Refuge beg to report as follows:

We are pleased to be able to report another successful year in connection with the administration of 'The Home'. There is at present 97 inmates of which 33 are receiving the 'Old Age Pension' and 2 are paying for their maintenance. The total receipts to date are $12,312.81 and the total disbursements are $12,050.74.

Of the above receipts $2000.00 only has been received from the

two Counties and we do not anticipate having to ask for further amounts this year.

The capital expenditure this year has not been heavy. New eave-trough was put on the 'Home' at a cost of $111.10 and the slate roof repaired at a cost of $76.20 with a small amount spent on necessary maintenance.

With the approval of the two Councils the foundation stock for a pure-bred herd of Ayrshire cattle was purchased, 6 head of cows and 1 bull at a cost of $1135.00 and have from said cows since 3 heifer calves and 1 bull calf. The other two cows are due to freshen this winter. We have received for stock sold off the farm the sum of $888.95.

We appreciate the action of the Councils and the board of 'The Children's Society' in transferring to 'The Home' from the Children's Home, Milton, the many articles of furniture and bedding. The 'Home' was in real need of many of the said articles and the said transfer will save the expenditure of a considerable amount for the purchase of same.

All of which is respectfully submitted.

Adopted Nov. 25th.

WM. G. DENISON,
Warden.

O. H. DOWNEY,
Chairman,
Board of Commissioners.

REPORT OF THE CHILDREN'S AID COMMITTEE

To the Warden and Council of the County of Peel:

Your Committee on Children's Shelter beg to report as follows:

On September 17th, 1935, a meeting was held in the Court House, Milton, composed of citizens of the Counties of Peel and Halton, at which time it was unanimously decided to form one Society for the two Counties.

On November 4th, 1935, a further meeting was held in the Court House, Brampton. At this time the Society's Charter was presented.

The following officers were elected:

Hon. Pres., T. W. Duggan, Brampton.
Pres., J. M. Denyes, Milton.
1st Vice-Pres., A. W. Thompson, Brampton.
2nd Vice-Pres., Amos Mason, Acton.
Hon. Sec.-Treas., J. J. Jamieson, Cooksville.

Executive Members:

Mrs. G. C. Atkins, Bronte.
Dr. F. R. Watson, Georgetown.
Miss A. Blain, Milton.
Mrs. M. Vanderlip, Brampton.
Mr. E. D. Maguire, Port Credit.
Mrs. Wm. Hardy, Streetsville, since replaced by Mrs. R. B. Colloton, Lorne Park.

There are also two members of each County Council on the Board, the members for 1936 being:

Mr. Wm. Denison, Cooksville.
Mr. D. A. Moran, Streetsville, R.R. 3.
Mr. Victor Hall, Hornby, R.R. 2.
Mr. John Irving, Milton.

At the annual meeting of the Society held in Milton on April 21st, 1936, the original officers were re-elected for another year ending March 31st, 1937.

Since the new Board was formed thirteen meetings have been held, two in 1935, ten monthly meetings in 1936 and a special meeting held in Brampton on June 25th, 1936, which was addressed by B. W. Heise, the Provincial Superintendent.

During the present year the Board have adopted the system of placing the wards of the Society in pay care in private homes. The children were all placed during the summer months and on September 1st, the Shelter in Milton was closed. It is felt by the Board that this policy is in the best interest of the children and to date is proving quite satisfactory.

Arrangements have been made in a private home in Milton for the temporary care of wards.

On October 31st, 1936, the following children were under the care of the Society:

Paid Boarding Homes 31

Adoption Probation	12
Wage Homes	14
Free Homes	30
Other Institutions	3
(I.O.F. Orphanage, Oakville)	
Non Wards	18
Total	108

Of this number twenty are wards of other Societies under our supervision; 4 in wage homes, and 16 in free homes.

At the end of last month there were 76 Child Protection cases receiving attention, also 59 Unmarried Parent cases.

In regards to costs, the new system to date is comparing quite favourably with the former. According to the Treasurer, it will not be necessary to make any special requisition for funds during the present year, the expenses being covered by the minimum charge of 75c per day paid by each County for wards under care, also the Grant of $1,000.00 a year for the Provincial Government.

All of which is respectfully submitted.

ROAD SUPERINTENDENT'S REPORT

Expenditure on the Peel County Road System During 1936

To the Warden and Members of the Peel County Council:
Gentlemen:

I beg to submit herewith the statement of money expended in accordance with the Regulations of the Department of Highways of Ontario on the Peel County Road System during the period January 1st, 1936 and December 15th, 1936. Together with the tabulated Statements, Declarations, etc., required to be forwarded with your Petition for the Government Subsidy on this expenditure.

The tax rate was raised to 1¾%, a raise of ½% and the expenditure was approximately $20,000.00 more. Two sections of road were surfaced with Tar Gravel Mulch as shown in the following detailed statement. The County Roads are not in as good shape as they should be but owing to the several dry seasons that we have had they are better than their surfacing warrants them to be.

A wet season in the spring, coming after the mild weather we have had so far this winter will leave them in poor shape. A large increase in the amount of Gravel placed on them will be required.

There is another part of the work that should be considered; The present County Roads have all been graded from ten to fifteen years ago and all require considerable revision to improve the sight lines, improve the length of vision, build up the shoulders, and widen the grades to conform with the revised Regulations of the Department of Highways, issued in 1936. This work should be commenced this year, especially on the roads that may be surfaced in the next year or so. Now is the time to do this work when the gravel surfacing is due to be improved.

All of which is respectfully submitted.

NEWTON L. POWELL, B.A.Sc.,
County Engineer and Road Supt.

Brampton, Jan. 23, 1937.

PEEL COUNTY ROAD SYSTEM, 1936

CONSTRUCTION

Construction Road No. 1B; Toronto Twp.

The continuation of the Fourth Line West, south of Streetsville below Dundas St. is known as the Spring Road. The narrow parts of this road was widened at the most dangerous places, using the stripping off the Township pit behind Erindale schoolhouse. The Township loaded the stripping and the only expense to the County was the hauling and spreading.

Cost Grading $278.10

County Road No. 1E.—Toronto Township, The Fourth Line West

Commencing at Five sideroad, the north limits of Streetsville, this road was graded and surfaced with Tar Gravel Mulch. Twenty feet wide for the surfacing and thirty feet for the grading. The surface is approx. 3 inches in depth, using one cubic yard of the pre-mix to ten square yards of road. The length is six thousand feet. The work was done as follows: the County shaped the sub grade and primed it. Armstrong Bros. of Brampton supplied the pre-mix tar gravel mulch, using "Rotar" and gravel from Parr's Gravel pit. The Contract was at $1.05 per cu. yd. for mixing, and the hauling at the same price as for Gravel. Spreading and rolling included in the mixing price.

Cost—

Surfacing	$7464.84	
Grading and shouldering	1651.95	
		$9116.79

The Grading and Shouldering work was as far as possible by hand, using men who would otherwise have been on the Township Relief Rolls.

County Road No. 2B—Village of Port Credit

During 1936 The Stave Bank Road, Ann St. and Park St. were approved by the Dept. of Highways as streets on which the amount of Refund of the Good Roads taxes paid to Peel County could be spent in order to have the expenditure approved for the 50% subsidy. To prepare for surfacing, the road was drained.

County Road No. 9D—Albion Township, W½ Con. 5

During the year an effort was made to have the crossing of the Canadian Pacific Railway, Sudbury branch, improved. Banks and brush and rail fences obstructed the view. An application was made to the Board of Railway Commissioners of Canada and an

Order was issued No. 53404 for the improvement of the Crossing not to exceed an estimated cost of $1500.00, of the cost. 70% was borne by the Railway Board. 15% by the C.P.R. and 15% by the County, by agreement with the C.P.R. the County was to do the work. Tenders were called and the Grading Contract let to S. Greenwood of Grand Valley at 26cts per cu. yd. The work was not started until late. In addition to the work authorized by the Railway Board it was necessary to lengthen two culverts, one 24 in. in diameter and the other an 8 ft. wide by 6 ft. high concrete culvert. Tenders were called and the lowest accepted. Canada Ingot Iron Co. for an 8 ft. multiplate 12 ft. long on one end and 10 ft. on the other. These culverts were placed and the fill widened at the approaches to them. Owing to the frost in the ground and the wish to place the remainder of the excavated earth where it would widen the road grade the work was postponed until spring when it could be done to better advantage, both to the contractor and to the county.
